**OVERVIEW OF PRODUCTS**

All below information is for pallets with maximum height of full pallet (LU) 120 cm

SMALL STRIPED SUNFLOWER SEEDS

Besides the fact that sunflower seeds in shell are very tasty and high-calorie, they also contain a large amount of unsaturated fatty acids, vitamins A and E. Like humans, birds also need vitamins, especially during cold times. Small striped sunflower seeds have been the most popular winter food for wild birds for many years. Today we see the tendency, birds love to eat it all year round, knocking in our windows and asking for addition.

Packaging option	Package size and product description	CU/TU	TU/LU
	1 kg small striped sunflower seeds in plastic pp bags in half carton displays	160	2
	2 kg small striped sunflower seeds in plastic pp bags in carton boxes	8	18
	2,5 kg small striped sunflower seeds in plastic pp bags in carton boxes	6	18
	4 kg small striped sunflower seeds in plastic pp bags in carton boxes	4	18
	2 kg small striped sunflower seeds in round plastic buckets	–	100
	5 kg small striped sunflower seeds in round plastic buckets	–	44
	2 kg small striped sunflower seeds in round plastic buckets	–	120
	10 kg small striped sunflower seeds in paper bags (white, full color or crafted)	–	40
	20 kg small striped sunflower seeds in paper bags (white, full color or crafted)	–	21
	15 kg polyethylene bags (transparent with label, color printed)	–	24

PEELED SUNFLOWER SEEDS / SUNFLOWER SEED KERNELS

One more healthy and high-calorie delicacy for garden and forest birds, which recently has been gaining more and more popularity among garden birds.

In addition, in severe frosts, peeled seeds save the birds' energy to get food as birds do not have to waste time breaking the shell and freezing their legs for a long time. No-shell product, which allows to keep people's gardens clean - one of the important benefits of this product.

Packaging option	Package size and product description	CU/TU	TU/LU
	1,5 kg sunflower kernels in plastic pp bags in half carton displays	170	2
	2 kg sunflower kernels in plastic pp bags in carton boxes	12	18
	3 kg sunflower kernels in round plastic buckets	–	100
	3 kg sunflower kernels in square plastic buckets	–	120
	10 kg small sunflower kernels in paper bags (white, full color or crafted)	–	60
	20 kg small sunflower kernels in paper bags (white, full color or crafted)	–	24
	15 kg polyethylene bags (transparent with label, color printed)	–	50

SEED MIXES

High-Calorie

Simple Corny

No Mess bird

An ideal combination of nutrition and energy for the garden and wild birds.

Our seed mixtures are designed to meet the basic needs of birds for the daily nutrients they need and are balanced in fat and vitamin content.

We offer 3 unique mix recipes that make it easy to find the one that best suits the needs of the birds and their breadwinners.

High-Calorie mix with fatty peanuts has 23% of fat and is very nutritious. We all know how important it is for our feathered friends to get variable of seeds, grains and fats in their daily menu.

Simple Corny is a perfect combination of grains and seeds to be offered to your garden birds any time of the year. 😊
